## SPECIFICATIONS AND APPROVALS

API GL-1

---

## HEALTH, SAFETY AND ENVIRONMENT

There are no unusual hazards in using most lubricating oils and greases provided ordinary care is taken to avoid frequent or prolonged skin contact with fresh or used products. The user should ensure that good working practices are maintained at all times.

---

## STORAGE, HANDLING AND DISPOSAL

All packed lubricants should preferably be stored under cover. Where outside storage of drums is unavoidable, they should be placed horizontal in order to avoid water contamination. Bulk tanks are best located under cover. Duckhams can provide professional advice on the location and installation of tanks
